IN THE CLAIMS

✓
Please cancel claims 7 and 15 without prejudice or disclaimer, and amend claims 1 and 9 to read as follows:

A, ^{SUB B} 1. (Amended) A method for the formation of a color image which comprises the steps of forming an electrostatic latent image in accordance with an electrophotographic process, visualizing said electrostatic latent image by a developer transported by a developing portion to form a multicolored toner image whereby each monochromatic color toner image is formed by a mutually independent developing step, and superposing then the resulting monochromatic toner images with
